Recommended Native Pollinator Friendly Plants for the Aspen Parkland Region of Alberta

The table on the following pages provides a list of plants that are native to the Aspen Parkland Region of Alberta and have been observed to attract pollinating insects such as bees, wasps, flies, beetles, ants, butterflies, and moths. This list is not necessarily complete – it is open to additions! If you see pollinators frequently visiting the flowers of a native plant that is not on this list, send us a picture and description and we can add the species.

When designing habitat for pollinators, consider the following:

- **Choose species that are adapted** to your local moisture, soil, and light conditions. Information on where different species like to grow can often be found in plant identification guides, such as Royer and Dickenson, 2007; or Johnson et al., 2009.
- Strive to have **at least three species at the peak of their flowering period for every month** in the growing season (April is a bonus).
- Choose species with different flower colours and shapes, as different pollinators will be attracted to different flower characteristics. In particular, smaller pollinators such as *Lassioglossum* bees, parasitoid wasps, and hoverflies have relatively short tongues, and thus are only able to access shallower flowers (Figure 1).
- **Maximize the morning sun exposure** of your habitat by planting shorter species towards the south and east. More morning sun means more flowers in your planting, and more hours in the day that pollinators can forage.
- **Clump flowering species** together in groups of 3-8 individuals per square meter. This will increase the foraging efficiency of pollinators.
- **Increase structural diversity** by including taller trees and shrubs (particularly on the north or west side), interspersing bunch grasses among the flowering species, and allowing deadfall to decay on site. Doing so will provide diverse nesting and overwintering sites for pollinators.
- **Connect habitat to existing natural habitat** so that pollinators will be able to migrate into your habitat.
- Site within 150m (500') of pollinator dependent crops if you have any and wish to maximize their pollination.
- *Bonus:* **Include a few nitrogen-fixing species in your mix**. This will not directly benefit pollinators, but it will improve the nutrient cycling within the habitat.

Recommended Native Flowering Species for Pollinators in the Aspen Parkland of Alberta

| Peak Flowering | Species Name | Common Name | Plant Type | Flower Type | Flower Colour | N Fixation |
|-------------------|------------------------|----------------------------|---------------|----------------|------------------|---------------|
| April | Anemone patens | Prairie Crocus | forb | shallow | pink | none |
| | Shepherdia canadensis | Canada Buffaloberry | shrub | Shallow | yellow | medium |
| Мау | Amelanchier alnifolia | Saskatoon | shrub | shallow | white | none |
| | Antennaria parvifolia | Small-leaved pussytoes | forb | shallow | white | none |
| | Aralia nudicaulis | Wild Sarsaparilla | forb | shallow | white | none |
| | Cornus stolonifera | Red Osier Dogwood | shrub | shallow | white | none |
| | Disporum trachycarpum | Fairy Bells | forb | deep | white | none |
| | Fragaria virginiana | Wild Strawberry | forb | shallow | white | none |
| | Geum triflorum | Three-flowered Avens | forb | deep | pink | none |
| | Prunus pensylvanica | Pincherry | shrub | shallow | white | none |
| | Prunus virginiana | Western Chokecherry | shrub | shallow | white | none |
| | Ribes lacustre | Bristly Black Currant | shrub | shallow | yellow | none |
| | Ribes oxyacanthoides | Wild Gooseberry | shrub | deep | yellow | none |
| | Rosa acicularis | Prickly Rose | shrub | shallow | pink | none |
| | Salix spp. | Native willow species | shrub | shallow | yellow | none |
| | Sphaeralcea coccinea | Scarlet Mallow | forb | shallow | red | none |
| | Thalictrum venulosum | Veiny Meadow Rue | forb | deep | purple | none |
| | Thermopsis rhombifolia | Golden Bean | forb | deep | yellow | medium |
| | Viola canadensis | Western Canada Violet | forb | shallow | purple | none |
| | Actaea arguta | Baneberry | forb | shallow | white | none |
| | Anemone canadensis | Canada Anemone | forb | shallow | white | none |
| | Astragalus agrestis | Purple Milkvetch | forb | deep | purple | medium |
| | Astragalus striatus | Ascending Purple Milkvetch | forb | deep | purple | low |
| | Cornus canadensis | Bunchberry | forb | shallow | white | none |
| | Elaeagnus commutata | Silverberry/Wolf Willow | shrub | deep | yellow | medium |
| | Epilobium ciliatum | Northern Willow-herb | forb | shallow | pink | none |
| | Gaillardia aristata | Gaillardia | forb | shallow | yellow | none |
| | Galium trifidum | Small Bedstraw | forb | shallow | white | none |
| | Geranium bicknellii | Bicknell's Geranium | forb | shallow | pink | none |
| | Geranium richardsonii | Wild White Geranium | forb | shallow | white | none |
| | Hedysarum alpinum | American Hedysarum | forb | deep | purple | low |
| | Houstonia longifolia | Longleaf Summer Bluet | forb | deep | pink | none |
| June | Lathyrus ochroleucus | Cream Coloured Vetchling | forb | deep | yellow | low |
| | Lathyrus venosus | Purple Peavine | forb | deep | purple | low |
| | Lilium philadelphicum | Western Wood Lily | forb | deep | orange | none |
| | Linnaea borealis | Twinflower | forb | deep | pink | none |
| | Linum lewisii | Wild Blue Flax | forb | shallow | blue | none |
| | Lonicera dioica | Twinning Honeysuckle | forb | deep | red | none |
| | Maianthemum canadense | Wild Lily-of-the-Valley | forb | shallow | white | none |
| | Penstemon procerus | Slender blue beardtongue | forb | deep | blue | none |
| | Pyrola asarifolia | Common Pink Wintergreen | forb | shallow | white | none |
| | Rubus idaeus | Wild Red Raspberry | shrub | shallow | white | none |
| | Sisyrinchium montanum | Blue-eyed Grass | forb | shallow | blue | none |
| | Stachys palustris | Hedge Nettle | forb | deep | purple | none |
| | Urtica dioica | Stinging Nettle | forb | shallow | yellow | none |
| | Vicia americana | Wild Vetch | forb | deep | purple | low |
| | Zizia aptera | Heart-leaved Alexander | forb | shallow | yellow | none |

Recommended Native Flowering Species for Pollinators in the Aspen Parkland of Alberta

| Peak Flowering | Species Name | Common Name | Plant Type | Flower Type | Flower Colour | N Fixation |
|-------------------|-----------------------------|------------------------------|---------------|----------------|------------------|---------------|
| | Achillea alpina | Many flowered Yarrow | forb | shallow | white | none |
| | Agastache foeniculum | Giant Hyssop | forb | deep | purple | none |
| | Agoseris glauca | False Dandelion | forb | shallow | yellow | none |
| | Aster ericoides | Many Flowered Aster | forb | shallow | white | none |
| | Campanula rotundifolia | Harebell/Bluebell | forb | deep | blue | none |
| | Dasiphora fruticosa | Shrubby Cinquefoil | shrub | shallow | yellow | none |
| | Epilobium angustifolium | Fireweed | forb | shallow | pink | none |
| | Erigeron caespitosus | Tufted Fleabane | forb | shallow | white | none |
| | Erigeron glabellus | Smooth Fleabane | forb | shallow | purple | none |
| | Erigeron philadelphicus | Philadelphia Fleabane | forb | shallow | white | none |
| | Galium boreale | Northern Bedstraw | forb | shallow | white | none |
| July | Hedysarum boreale | Northern Hedysarum | forb | deep | pink | medium |
| | Heuchera richardsonii | Richardson's Alumroot | forb | deep | yellow | none |
| | Lysimachia ciliata | Fringed Loosestrife | forb | shallow | yellow | none |
| | Mentha arvensis | Wild Mint | forb | shallow | white | none |
| | Monarda fistulosa | Wild Bergamont | forb | deep | pink | none |
| | Rudbeckia hirta | Black-eyed Susan | forb | shallow | yellow | none |
| | Sium suave | Water Parsnip | forb | shallow | white | none |
| | Solidago canadensis | Canada Goldenrod | forb | shallow | yellow | none |
| | Spiraea alba | Narrow-leaved Meadowsweet | shrub | shallow | white | none |
| | Symphoricarpos alba | Snowberry | shrub | deep | pink | none |
| | Symphoricarpos occidentalis | Buckbrush/Wolfberry | shrub | deep | pink | none |
| | Zigadenus elegans | White Camas | forb | shallow | yellow | none |
| | Achillea millefolium | Yarrow | forb | shallow | white | none |
| | Dalea purpurea | Purple Prairie Clover | forb | shallow | pink | low |
| | Eurybia conspicua | Showy Aster | forb | shallow | pink | none |
| | Helianthus subrhomboideus | Rhombic-leaved Sunflower | forb | shallow | yellow | none |
| | Heterotheca villosa | Golden Aster | forb | shallow | yellow | none |
| | Liatris ligulistylis | Meadow Blazing Star | forb | shallow | purple | none |
| August | Solidago missouriensis | Low Goldenrod | forb | shallow | yellow | none |
| | Solidago nemoralis | Showy Goldenrod | forb | shallow | yellow | none |
| | Solidago rigida | Stiff Goldenrod | forb | shallow | yellow | none |
| | Symphyotrichum ciliolatum | Lindley's Aster | forb | shallow | pink | none |
| | Symphyotrichum laeve | Smooth Aster | forb | shallow | purple | none |
| | Symphyotrichum puniceum | Purple-stemmed Aster | forb | shallow | purple | none |
| | Symphyotrichum falcatum | Creeping White Prairie Aster | forb | shallow | white | none |
